

Brad Hoffman Joins GHX Industrial as Vice President of Operations

HOUSTON, Texas – GHX Industrial, LLC, a wholly owned subsidiary of The United Distribution Group, has promoted Brad Hoffman to the position of Vice President of Operations. In his new position, Mr. Hoffman will focus on operational and customer service excellence for the organization.

Brad Hoffman joins GHX with over twenty years of leadership experience focused in operations, manufacturing, supply chain, and sales.

Richard Harrison, President of GHX Industrial stated “GHX is pleased to welcome Brad as our Vice President of Operations. His proven track record, leadership abilities, and broad background of experience will be a benefit to our team at GHX.”

Prior to joining GHX, Mr. Hoffman held the roles of Vice President of Operations with Weir Oil and Gas, Director and General Manager with Flowserve, Director of Operations with Rochester Gauges, and various engineering and management roles with Honeywell International. Mr. Hoffman received his Bachelor’s of Science in Manufacturing Engineering from the University of Nebraska, and his MBA from Southern Methodist University.

Hoffman stated, “I am honored to be the Vice President of Operations for GHX. In this role, I look forward to working with our internal teams to ensure that we continue to be a valued partner to our customers through continued growth and optimization of our internal processes and overall customer service experience.”
