

The United Distribution Group, Inc.

The Expert Fit[®]

**For Immediate Release
March 6, 2014**

Kelly McCarty, President of Abilene, TX based McCarty Equipment Co., Ltd., announced today the recent opening of a new location in Greeley, Colorado. The 10,000 square foot facility will provide value added services to customers in the Niobrara Shale Play in Northeastern Colorado. Value added services include the ability to crimp 10” hose, hose kitting, vendor managed inventories, custom fabrication of hose and a wide variety of industrial and oilfield products.

Richard Harrison, President of GHX Industrial, stated that Jack Clevenger, a long time McCarty staff member who was most recently the branch manager at the Cleburne, Texas location, has been appointed branch manager in Greeley. Darrell Cole, President and CEO of The United Distribution Group, stated that the addition of the Greeley location fits perfectly with UDG’s goal of continuing to add to its strategic expansion of locations throughout North America.

McCarty Equipment is a subsidiary of GHX Industrial and along with GHX is a part of The United Distribution Group family of companies.

About McCarty Equipment Company

Founded in 1976 and headquartered in Abilene, TX, McCarty Equipment operates 24 locations throughout the US and Canada and provides fluid sealing (gaskets), fluid transfer (hoses), valves and other products to the upstream oil and gas industry.
